CARL P. KROBOTH

LEXINGTON, KENTUCKY

MARCH 1934

On the following pages I am offering selected varieties of seasonable Annual and Perennial Flower Seeds. To those that have favored me with some of their business, after receiving my first price list, I wish to express my sincere appreciation for the confidence they have showed in me. To others, whom I have not had the pleasure of doing business with, I wish to extend the invitation of a trial order. My seed is secured from the best Seed Growers and can be depended on being true to name. Freshness of any seed I send out is guaranteed, and you will find my "Trade Packets" very liberal.

All orders shipped the day received — I pay the postage.

ASTERS

Due to the rapidly increasing difficulty of growing Asters in our wilt infested soils, it is strongly advisable to use seed bred to withstand the attacks of the wilt. All seed offered is Bodgers, originators seed.

ASTER—SUPER GIANT LOS ANGELES. (New) T. P. 1/4 oz 1 oz.

This is the first of a new race of Asters which promises to supersede all other strains for cut flower use. It is of the general habit of the Giants of California, but earlier and much larger. The color is a pure shell pink \$.50 \$1.25 \$4.00

REGULAR ASTERS

QUEEN OF THE MARKET T. P. 1/4 oz 1 oz.

Standard early flowering type. July. 20 in. Deep Rose—Crimson—Purple—White—Rose Pink—Flesh Pink—Dark Lavender25 .30 1.00

CREGO.

Deep Rose50 .60 2.00

For Complete List of Asters See January Price List.

LARKSPUR

Giant Imperials have superseded all other types of Larkspur for Florists' and general use. They produce more and longer flower stems. Due to the upright growth branching from the base of the plant they require only about one-half the space needed for the old Stock-flowered type.

GIANT IMPERIAL OR BASE BRANCHING.

Blue Spire—Rich Oxford Blue
Carmine King—Carmine Rose
Exquisite Pink Improved—Rich soft pink
Lilac Spire
Miss California—Deep Pink
The Empress—Salmon Pink
